Select has been operating in Malawi since 2011 and has grown to become a leading player in the Malawi market for micro finance and the leader in the provision of microfinance for housing purposes. With branches in four cities throughout Malawi, they aim to create value for their customers by offering housing specific loan products and services. Through their relationship with Habitat for Humanity, Select provides free Construction Technical Assistance to all clients who apply for housing loans. In a cost sensitive environment such as Malawi, this service provides an incredible value boost to any housing project.
