Umunthu Microfinance was established in 2010 with a primary role to support small and medium entrepreneurs particularly with a higher percentage of women clients in both rural and peri-urban areas through the provision of credit, business trainings that promotes social economic growth and sustainability of their businesses. In addition, Umunthu Microfinance does provide charitable support to its clients, like paying school fees for needy children in government secondary schools and by assisting its clients in times of disaster such as floods or any form of clarity.
